Notes

This "solodex" is a very powerful weapon to have in your marketing arsenal! I have confidence in every single one of these sellers listed. Do yourself a favor and don't just order from the top 10 or 20 sellers. Notice I did not number the list because no one seller is better than the next. All of these sellers send REAL traffic that is highly interested in "biz opp" and "make money online" offers.

In order to get the most out of your solo ads, you must have an effective funnel. That means not only must you have a high converting squeeze pages, but you must also have an attractive offer on the back end. I highly recommend promoting CPA offers that pay at least \$75 per sale. The whole idea when it comes to solo ads is to make enough money to cover your cost so you will building your list for free!

If you need any help with your funnel, or any advice on your squeeze page, don't hesitate to shoot me an email anytime! Thanks for your purchase. I wish you lots of success!

Sincerely,

CJ Mollo
